

HAND PROTECTION

Double-Dipped Mach Finish Nitrile Coated Anti-Static/Electrostatic Compliant Gloves

DESCRIPTION

These gloves feature a double-dipped black Mach Finish nitrile on a gray 15-gauge nylon shell. The unique double-dipped Mach Finish nitrile coating provides the grip comparable to true foam/air injected nitrile and has more abrasion qualities. It also will not saturate through the coating like foam/air injected nitrile. Anti-static/electrostatic compliant for use in an ESD protected area.

INDUSTRY

Electronic Assembly	Construction
Food Processing	General Purpose
Automotive	

FEATURES

- Double-dipped Mach Finish nitrile offers excellent grip in wet and oily conditions and prevents liquids from saturating gloves
- Light nylon shell provides dexterity and comfort
- Fantastic dexterity, fit and feel
- Outstanding wet oil grip

ITEM 530MFG

SIZES 7(S)-10(XL)

- Knit wrist cuff offers users a secure, comfortable fit and prevents gloves from slipping off during use
- EN 388 Levels: 4131X
- ANSI/ESD S20.20-2014 compliant
- ANSI/ESD SP15.1-2015 compliant
