

HAND PROTECTION

Double-Dipped Nitrile Coated Gloves

DESCRIPTION

These gloves have a high level of dexterity due to the 15-gauge nylon shell. The three-quarter dipped nitrile with foam finish provides excellent grip in wet or oily situations, while the fully-dipped solid nitrile coating protects against liquid saturation. Anti-static/electrostatic compliant for use in ESD protection areas.

INDUSTRY

Construction	Mechanical
Metal Fabrication	Automotive
Assembly	Machinery

FEATURES

- Foam nitrile finish is excellent for wet and oily grip
- Fully dipped for protection from liquids
- Thin nylon shell ensures high dexterity and sensitivity
- ANSI/ESD S20.20-2014 compliant
